There are also opportunities to enhance pension contributions through an AVC scheme.

Equal Opportunities

We are committed to ensuring that no job applicant or employee receives less favourable treatment because of age, colour, disability, ethnic origin, gender reassignment, marital or family status, nationality, race, religion or belief, sex, sexual orientation, or any other non-job related factor.

Our induction programme helps all new employees get to know the organisation and their individual job. The Charity will provide all the training needed for the role and have a six monthly appraisal system which focuses on development needs and gives employees the chance to talk about their job, and their plans for the future.
